

## Interior Designer

Our forward-thinking architectural, planning and interior design team is committed to excellence in design and service, and has produced award-winning 'people-places' throughout Alaska.

ECI has a fun, flexible, creative environment and we are dedicated to excellence in design. We offer an extensive benefits package.

We have an opening for an interior designer with 2 – 7 years' experience with REVIT proficiency. NCIDQ or plans for NCIDQ qualification is preferred.

Candidates must also be interested in and motivated to learn and assist with all phases of the design lifecycle, including schematic design and space planning, design development, construction documents, construction administration and furniture specification. Opportunities may also include assistance with writing strategic planning reports and proposals. Flexible work hours and telecommuting (up to two days per week) can be available, depending upon skill level and ability to assist others remotely.
